OBERTON GRAPHIC ART FAIR ANNOUNCES ITS PARTICIPANTS AND THE START OF TICKET SALES

The second edition of the **Oberton graphic art fair by Cosmoscow** will take place at the **TON-CENTER** cultural space (3/30, bldg. 1, Komsomolskaya Square) from **December 4 to 6**. A Preview for collectors and the art community is scheduled for **December 3**. The fair is supported partners: Sber Private Banking and the premium service SberFirst, technology partner SberDevices, automobile partner VOYAH, as well as Beluga, Tete de Cheval, Konstantin Chaykin, Borodin Meat House, and edis.

The fair will host **37 galleries** from Moscow, Saint Petersburg, Nizhny Novgorod, Voronezh, Vladivostok, and other cities. The list of participants was formed by the organizers, who selected galleries based on the content and quality of the projects they carried out over the past year, as well as their experience participating in Russian and international contemporary art fairs.

“December is a time when one especially longs to acquire something meaningful as a gift for oneself or for loved ones. Works on paper, which combine accessibility with artistic value, make an ideal choice. At the second edition of our pre-New Year Oberton fair, we will present a cross-section of the most compelling contemporary graphic art, inviting guests to discover art they’ll want to take with them into 2027,”

says Margarita Pushkina, founder of the Cosmoscow institutional platform.

The fair will take place at TON-CENTER. This cultural institution engages with contemporary art, music, theater, and architecture, bringing together exhibitions, performances, concerts, and educational programs. The focus is on the living process and experience, rather than on static objects. The motto of TON-CENTER is Art in Motion: just as the Circular Depot once set trains in motion, today TON-CENTER sets ideas and cultural processes in motion.

At the fair, **Nosorog x >poslezavtra>** will present a special project exploring the dialogue between literary text and visual art. Visitors will be able to see a series of limited-edition screen prints inspired by books published by Nosorog. The publisher’s books will also be available.

TEO x JOY Gallery will present a solo booth featuring the work of St. Petersburg-based artist Maxim Savva. The exhibition will include over 20 graphic pieces that showcase the artist’s signature visual language — one in which scenes from everyday life and recognizable pop-culture imagery are interwoven with irony and sentimentality. Fragments of phrases, rhymes, and random thoughts jotted down in a notebook serve as the catalyst for the visual imagery, coalescing into a distinct, fragmentary world that balances between drama and romance.

Professional art consultants will be on hand at the Oberton fair. They will help visitors to navigate the wide array of artworks, will provide insights into the galleries, key artists, and current trends, and assist in selecting pieces. Each individual tour lasts between 45 and 60 minutes and is designed for one guest, with the option to bring one additional person. The price for an Individual Art Tour ticket is 6,000 rubles.

Oberton working hours: December 4 from 2 PM; December 5 and 6 from 12 PM to 8 PM.

Venue: TON-CENTER (3/30, bldg. 1, Komsomolskaya Square)

Age restriction for the event: strictly **18+**.

Tickets can be purchased on the fair's official website.

A press conference will be held on December 3 at 12 PM. Press accreditation is available via this link.

The Oberton Online will take place on the TEO platform from December 1 to 15. Participating galleries will present an extensive selection of graphic works, available exclusively in a digital format. Collectors will have the opportunity to submit offers for individual pieces and receive professional consultations.
