

**COSMOSCOW 2021 ANNOUNCES **POSTPONED DATES:**  
THE FAIR WILL BE HELD  
ON SEPTEMBER 18–20 AT THE MOSCOW MANEGE**

This year, the 9th Cosmoscow International Contemporary Art Fair will be held on **September 18–20 at the Moscow Manege** (1, Manezhnaya Square). Preview will take place on **September 17, 2021**.

**Margarita Pushkina,  
Cosmoscow Founding Director:**

*“On September 1, we received a notification about the extension of the work of one of the largest vaccination centers in Russia, located at the Gostiny Dvor, which contributes to the stabilization of the epidemiological situation in Moscow. Today it is a priority for both authorities and business representatives of the city.”*

*“Taking into consideration the fact of extending the work of the center and the impossibility of combining the vaccination center and the fair at the same site, we were forced to postpone the dates of the fair.”*

*“We are proud that we managed to gather such a representative group of galleries to participate in the fair this year, to prepare unique special projects with our regular and new partners, and schedule a rich non-commercial and discussion program. We will do our best to ensure that despite the circumstances, the 9<sup>th</sup> edition of Cosmoscow takes place on a planned scale and is successful for all participants of the fair.”*

An updated schedule of discussion, performance and kids programs, as well as press events and visiting slots will be announced shortly.

All purchased tickets will be valid on the new dates. If necessary, buyers will be able to return tickets and receive a full refund.
